

EPISCOPAL HOMES

Annual Report • 2008

*We began with Episcopal Church Home in 1894,
and that's where we began all over again in 2008.*

Episcopal Homes president **Marvin Plakut** and board chair **Ellen Watters** have a breakfast meeting in the Church Home's new Café. It has become a magnet for campus residents, their visitors and our staff. Stop by and see why any day from 7:30 a.m. to 3:00 p.m.!

Our mission is to enhance the quality of life for senior adults by providing homes and services that support each individual's physical, social and spiritual needs.

Our mission is both a promise and a challenge. In order to keep the promise expressed in our mission, we are challenged to continually question the status quo. As new understandings and opportunities avail themselves, we must then dare to undertake the new beginnings that they sometimes entail.

2008 was a year of especially bold new beginnings. The most conspicuous of these was at Episcopal Church Home. In mid-October, it emerged from over 18 months of redesign and renewal with a new and

fundamentally better model of care. We dared to say good-bye to the status quo of hospital-like nursing stations, centralized dining and centralized activities, and say hello to six distinct *Households* that physically and operationally mirror life in private homes with family caregivers. The success of this new beginning can be seen on the faces of Church Home residents and their visiting families and friends.

A less conspicuous, but equally profound new beginning had to do with the structure of our governing boards. In November, the status quo of having five boards for different parts of our organization was replaced with a two-board structure: the Episcopal Homes Board of Trustees and the Episcopal Church Home Board. This more streamlined board structure will be less encumbered with day-to-day operations so it can focus on long-range strategic planning and facilitating staff implementation of those plans.

2008 also saw the embrace of strategic partnerships that help further our mission. The Church Home's Transitional Care Center became the Twin Cities' first independent rehab facility to offer the same cardiac program developed at United Hospital's John Nasseff Heart Center, and thanks to our partnership with NEDU, a Saint Paul community group, *Kings Crossing* will bring desperately needed affordable senior housing to the University-Dale neighborhood.

Ellen Watters
Chair, Board of Trustees

Marvin J. Plakut
President and CEO

About our cover photo

The Christmas scene captured in our photo could have been taken in any living room where families gather to sing Christmas carols and open their gifts. But it wasn't. It was shot in the living room of *Sister Annette House*, one of Episcopal Church Home's six new *Households*. That, of course, is what we had hoped to accomplish with the Church Home's \$11 million redesign and renewal around its new *Household Model of Care*. In the foreground are residents **Pat Rustad** and **Isabelle Smith**. Nurse **Mike Muehlbach** is helping Isabelle open her gift as caregiver (and baritone) **Ernest Bishop** sings carols accompanied by Household Coordinator **John Nwabugwu** on the piano.

The Church Home's six new Households create their own special events. Shown here is "International Day" at **Isabella House**. Caregiver **Bridget Akparanta** is modeling the clothing and waving the flag of her native Nigeria. Norway, Cameroon, Ethiopia and Cambodia were also represented in the fashion show.

activities and events with bimonthly pot lucks that bring all three resident communities together. They have been very well-attended.

Kings Crossing

In mid-2007, NEDU (a coalition of Frogtown-area community organizations) chose us to be their partner for the senior housing component of major mixed-use project at University-Dale. In 2008, we applied for (and received) a \$6.4 million federal grant for construction. The project will be called Frogtown Square. Our senior housing apartments (for low-income adults age 62+) will be called Kings Crossing. The complex will open in the fall of 2010.

Episcopal Church Home

The Church Home's \$11 million redesign and renewal project, planned throughout 2005-2006 and commenced in 2007, was completed in early October, 2008. Throughout the 18 months of construction, staffers were trained on the *Household Model of Care* so they were ready when the change took place on October 15. The project included expanding and renovating our third-floor Transitional Care Center.

Iris Park Commons now has its own all-new kitchen, and with it comes monthly fine dining experiences created by our chef, **Mark Anderson**.

Iris Park Commons

The meals served at Iris Park Commons used to be prepared in the Church Home kitchen. The Church Home's redesign and renewal project provided a timely opportunity for Iris Park Commons to finally get a kitchen of its own. When work was completed in fall 2008, we were able to resume our ever-popular monthly Hot Breakfast Tuesdays *and* launch Fine Dining Wednesdays to rave reviews. Iris Park Commons remained at full occupancy throughout the year in spite of many transitions to the Church Home, and the waiting list continues to grow.

Cornelia House, Seabury, Carty Heights

All three of our Independent Living residences have experienced multiple transitions to Iris Park Commons or the Church Home, but they have remained full with long waiting lists. In 2008, their respective Resident Councils decided to supplement their own

Becketwood

Becketwood Cooperative, overlooking the Mississippi in Minneapolis, was developed by Episcopal Church Home's board in 1986. 2008 marked our 22nd year of serving as the community's management company.

Annual Fund

Episcopal Homes Foundation works to raise, invest and manage funds for our organization and those we serve. Special events in 2008 included Episcopal Homes Sunday (May 3), our annual Recognition Brunch (May 20), our 1st Annual Big Back Yard Party and Non-Golfer Golf

Tournament (June 19), and our second annual **ART AFFAIR** (Oct. 4 & 5). Our heartfelt thanks to all!

Our thanks to the friends whose donations toward our beautiful new bus totaled \$29,000. Every dollar donated was a dollar saved (and put to good use elsewhere).

We thank our Boards of 2008 for their vision

Three reasons to consider becoming a Volunteer:

1. You'll make someone's day.
2. You'll make your own day.
3. You needn't make a major time commitment. Even one hour will make a difference that really matters.

Volunteering can be as simple as reading the day's mail to a resident. Or playing Yahtzee. Or listening to a favorite memory. Your help is welcome at any of our residences, but the need is greatest at our Church Home.

To learn more about how you can make someone's day just by being yourself, call **Jean Sandberg** at **651-632-8816**. *Thank you!*
